Instructor Debbie Crichton of Artbags. Create a beautiful silk scarf -- one-of-a-kind to be treasured. In this workshop, students will explore a variety of techniques to paint a silk scarf. Techniques will include working with paint, salt, discharge paste, alcohol, thickeners and folding techniques to create beautiful, one-of-a-kind patterns. Come and be surprised! Every scarf is a masterpiece even if you are a beginner. Techniques used will depend on class size and average age. NOTE: Do not wear anything too precious and bring rubber gloves if you want to go home with perfectly clean hands.

LADIES NIGHT OUT ...

SILK SCARVES - See description above.

Wednesday, December 8, 7 - 9 pm, \$20 per item

Felted Soaps In this workshop students will felt a wool casing around a bar of high quality, handmade soap creating - VIOLA! - a washcloth and soap in one. The beautiful colors of the wool roving will make each project a unique masterpiece (and conversation piece). If time permits, students will create a felted acorn charm to embellish their soaps. Come and have fun-being clean never "felt" this good. Added bonus: Once the soap is gone, cut one side of the casing and you will have a little pouch for your precious items.

Note: Don't wear anything that cannot get wet, and bring rubber gloves if you like (although I think bare hands are the best felting tools).

Wednesday, December 15, 7 - 9 pm, \$10 per item

We are happy to schedule your own private workshop at a convenient time. Call the Guild for more info 203-438-8863.
