NEW! Studio Rental Program

Looking for Studio Space? LOOK NO FURTHER!

Introducing the Guild's new Studio Rental Program.

Are you looking for a shared studio space with locker storage? We are pleased to announce that we are now offering our great studio space for shared rental (during non-classroom hours). The rental includes a locker for storing your supplies and canvases (no larger than 48").

At the core of the Ridgefield Guild of Artists mission is to provide a safe and inviting space for exploring and creativity in an artistic setting. Our art classes offer instruction but sometimes our students and members just need/want a space to create. Therefore, we are starting a new studio rental program.

We have two studio spaces that will be open and available for renting ***as a community, shared space***. We have found that creating among other artists is beneficial for a variety of reasons. Between our large studio and our smaller studio, there is ample space for up to six students to be working at one time. In addition, the larger studio can be used for printmaking (after approval from our printmaking instructor). Both studios have access to sinks, bathrooms and a kitchen.

The best news is that this shared rental includes locker storage for your supplies.
